

## LARGE CROWD WILL ATTEND 3RD ROUNDUP

Several hundred persons are expected to attend the third annual square dance roundup to be held in the auditorium of the Student Union building at Gettysburg College Saturday afternoon and evening. Members of the sub-league of the Woman's League of Gettysburg College, sponsors of the roundup, will be in charge of registrations which will begin at 10 o'clock Saturday morning.

Followers of the old-fashioned square dance from seven states have notified the Gettysburg Cannonade, the host club, that they will attend the local roundup. Milt Neidinger, caller for the local club, will be master of ceremonies. Because of the interest among non-dancers, a special spectators' section will be set up for Saturday's event. Dancing will be from 2 to 5 p.m. and from 7:30 to 11:30 p.m.

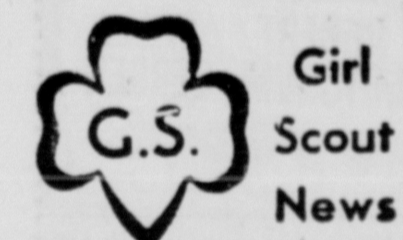

### CAFETERIA DINNER

The squares will feature Decko Deck, Chuck Donahue, Linc Gallagher with Tom Heron, Stan Miller, Fred Bell, Danny Miller and others.

The rounds will feature Dottie and Jules Ballard.

A cafeteria dinner will be served in the college dining room from 5 to 6 p.m.

The Billards who reside in Washington, D. C., are natives of Texas where they studied music and dancing and where they taught square dancing. In 1937 they learned the varsoviana and a schottische in a Mexican border town. When they moved to Washington they started calling square dances and started teaching simple rounds. After attending summer camps they entered the round dance field as instructors in 1955 and now lead three round dance clubs and instruct an intermediate class. They will start their 12th class in round dance fundamentals next fall.

Senior Girl Scout Troop 750 held a Mother and Daughter covered dish supper Monday evening in the parish house of Christ Lutheran Church. 17 mothers and 18 girls were present, in addition to guests, Miss Judy Porter, Adams County representative of the Penn Laurel Girl Scout Council, and Miss Barbara Devlin, teacher of the Red Cross first aid course, which was just completed by the troop. Miss Ann Stahle, president of the troop, presided, and Miss Betty Hostetter, roundup girl, gave the invocation. Following the meal Miss Porter explained the senior aid program which the girls will enter next year and showed a related film strip. Miss Devlin was presented a gift of appreciation for her time spent with the troop. The five point program covered this year was reviewed and for these activities the girls earned the Senior Five-Point pin. Plans for a summer trip were discussed. Mrs. William Musser and Mrs. Julius Swope are the leaders.

## YORK SPRINGS

In York County the storm became worse, blowing more than 60 windows out of the Red Land Elementary School and 30 windows out of the Goldsboro dress factory and disrupted phone service at Lewisberry. Hailstones "as large as chestnuts" were reported in various areas of York and Dauphin Counties. At Shenandoah 60 windows in the public high school and 37 in the Catholic High School were broken by the storm. Small tornadoes were reported in eastern Pennsylvania, northern New Jersey and New York.

### DESIGNER RECEIVES "EMMY"

Gary Smith, who designed the stage settings at the Totem Pole Playhouse in 1954, the first season under William H. Putsch's producing-direction, received the Emmy for his scenic design work on the Perry Como Show. Totem Pole Playhouse represented his first professional engagement, after graduating from Carnegie Tech's drama department in scenic design. The technical awards were made before the televised portion of the program, so Como made the award to Smith on his program this week.

### BURY R. P. MYERS

Funeral services were conducted Wednesday at 10 a.m. at the Emig Funeral Home, East Berlin, for Ralph P. Myers, 46, East Berlin R. 2, by Rev. Carlton Howells, pastor of Holtzschwamm Union Church. Burial was in the adjoining cemetery. The pallbearers were: John Koehler, James Bankert, William Oaster, James Frizko, Donald Koehler and Rudolph Jettand.

### "WONDROUS WORDS"

No matter how much I hear it... it's magic to my heart... that never fails to place me... in a world apart... each time you chance to say it... it's sweeter than before... taking me on magic wings... up to heaven's door... words beyond comparing... a most perfect phrase... causing dying embers... to become ablaze... sing it to me, darling... whisper tenderly... I will be enchanted... by the melody... dreams are made of these words... faith and hope are, too... so I'll never tire... of hearing, "I love you."

## 40 ABSENTEE AND MILITARY VOTES LISTED

Forty votes were added to the official primary election totals for Adams County this morning as Tellers Luther Lady and Edward Stine, assisted by the county commissioners, opened the 28 absentee and 12 military ballots cast by mail by 40 countians.

Generally the absentee and military ballots merely added to the totals the victors in the primary already had. Unfortunately the mailed ballots did not appear in areas where there were ties for committee posts and those will be drawn off next Friday afternoon at 1 o'clock at the courthouse.

Six ballots were cast by Democrats, five absentees from Gettysburg Second Ward and one military from Huntingdon No. 1.

With all six voting for these candidates their final official count is now: Clark for U. S. Senator, 2,625; Dilworth for governor, 2,027; McCann for lieutenant governor, 2,341; Blatt for secretary of internal affairs, 2,532; Attorney Eugene Hartman for assemblyman, 2,646; R. L. Pittenturf for state committeeman, 2,569.

The six Democrats split their votes for congressman, giving James Alexander four, to bring his total to 894, and Kenneth Smith two to bring his total to 522. None voted for the winner, Earl D. Warner.

The 34 Republican votes included 11 military and 23 absentee. The votes were: Absentee, from Arendtsville, Freedom Twp., Gettysburg First Ward First Precinct, Gettysburg Third Ward, Liberty Twp. and Littlestown Second Ward each one; Hamiltonban No. 1, 5; Straban and Gettysburg Second Ward, each four, and Mt. Joy and Reading, each two. Military, Cumberland No. 1, Straban and Gettysburg First Ward First Precinct, each two; East Berlin, Franklin, Hamilton, Union and Latimore, each one.

The number of votes cast for the candidates by absentee and military ballots and the final official count for the Republican candidates follows: Senator, Van Zandt, 33, 4,662; governor, Scranton, 19, 3,599; McSparran, 14, 1,318; lieutenant governor, Shafer, 34, 4,569; internal affairs, Kelly, 34, 4,566; Congress, Goodling, 33, 4,697; assemblyman, Ridinger, 20, 2,640; Worley, 14, 2,428; state committeeman Fred L. Ebersole, 12, 1,823; Fred G. Pfeffer, 21, 3,079.

## HAIL DAMAGE

moth adults have been emerging since April 24, red ban leaf roller larvae are present in some orchards, powdery mildew is "up" in some orchards, and mites, while generally under control, have produced a problem in some orchards. Dr. Taylor urged a "quick clean up" where mites are present or "they will become a major problem later."

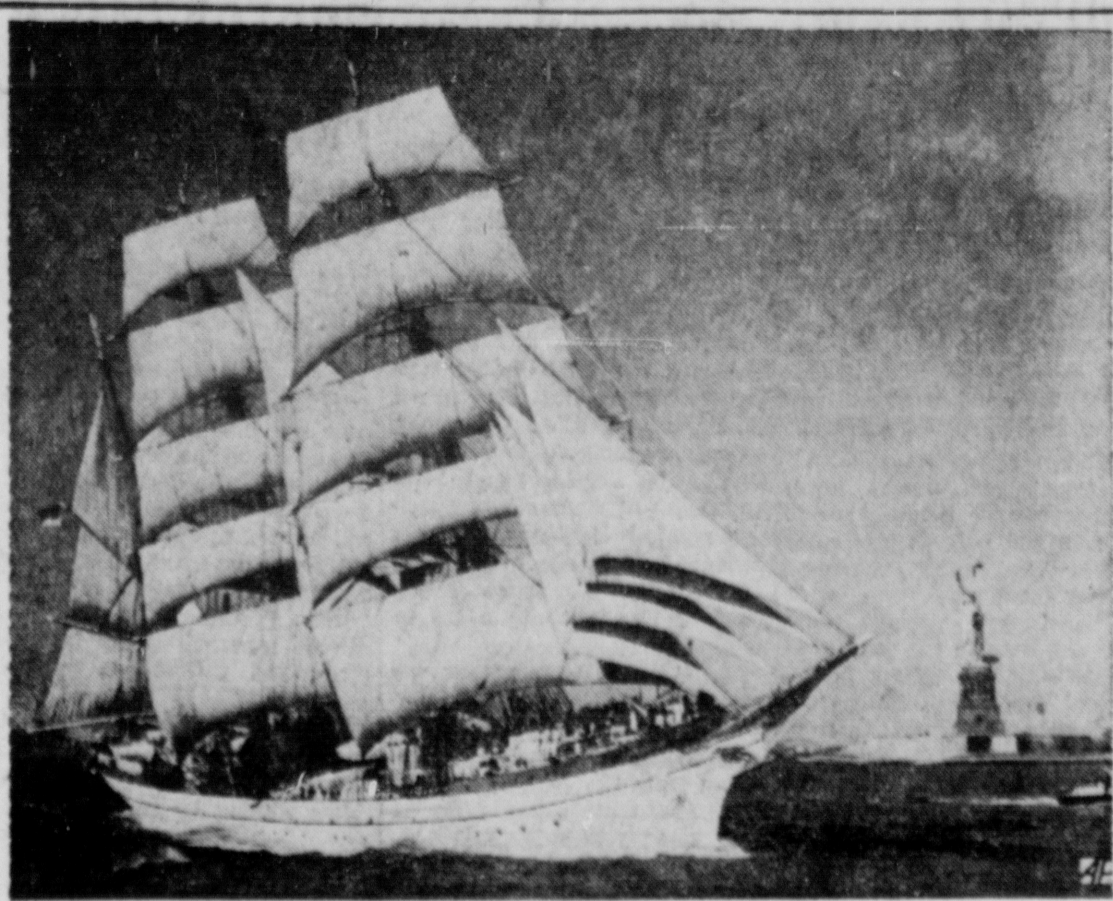

On peach, curculio are still emerging, oriental fruit moth and leaf rollers are present and mites are present in some orchards.

Walter L. Stirm, stationed at Kearneysville, W. Va. in charge of the new weather bureau agriculture service including this area, spoke on the methods of determining the weather and the reports sent here for distribution over WGET. He asked criticisms of the new weather service but received none. Most growers expressed the opinion that the service is "most helpful."

### HELP PROVIDE MILK

The Jaycees voted to participate in the annual program to provide milk for the youngsters taking part in the recreation program. William Marker, chairman of the Junior Champ program, announced it will be held July 14 and that he will meet with the Recreation Board in setting up the plans for the event.

Antique Show Chairman Thom as Piper reported that one booth remains to be sold for the annual Antique show to be held in the Gettysburg High School gymnasium in August. He said an advertising program has been started in the New York Times.

Thomas Brown reported on plans for a trip to New York to be awarded Wednesday morning.

### VOTE HELP TO 4-H

C. Robert Ziegler was designated as the club's representative at an organizational meeting to be held this afternoon to establish a Senior Citizens' Club to serve retired residents of the Gettysburg area. The club is being promoted by the Recreation Association, Extension Service and YWCA.

Thomas Brown was appointed to meet with a Chamber of Commerce committee to discuss the possibility of securing a professional float maker to assist with the floats in the forthcoming July 4 parade.

The Jaycees voted \$14 to the Adams County 4-H organization to be used toward the cost of sending two delegates to the 4-H Club Congress this summer.

Guests at the meeting included Bernard Small, Hanover, regional Junior Chamber vice president; Barton Connelly, National Park historian, and Larry Rankin of the TKE fraternity, Gettysburg College. Robert Welland, immediate past president, gave his annual report at the meeting at which President Richard Guise presided.

### SCHOOL REGISTRATION

Late registration of beginning students will be held in the Bermudian Springs Joint School System on June 4 and 5.

Parents who plan to enter their children in the First Grade next fall, and did not previously register, are asked to bring their children to the York Springs Elementary School on June 4 and to the East Berlin Elementary School on June 5 between 9 a.m. and 2 p.m. This will be the last date for registration before the opening of school on September 5.

## Kennedy And Eisenhower Agree European Common Market Has Great Promise

NEW YORK (AP)—President Kennedy and former President Dwight D. Eisenhower agree that the European Common Market holds great promise for the United States. But both foresee at least temporary hardships for some segments of the American economy.

In recorded interviews televised Thursday night in a CBS report on trade barriers, Kennedy looked upon the Common Market as potentially "the most extraordinary source of strength to us, and what I'm concerned about is that we might get locked out of that market."

### SEES CHALLENGE

Eisenhower viewed the market as "a challenge to our ability to export, to have a prosperous economy of the free world stronger, and making it impossible for the Communist ambition to weaken us economically and destroy us piecemeal."

The program centered about Kennedy's pending request to Congress for unprecedented power to eliminate all tariffs on a wide range of commodities.

Kennedy called the bill "the most important piece of legislation before the country this year."

In foreseeing some disruption in the domestic economy in competition with the market, Eisenhower said:

### "BE INTELLIGENT"

intelligent and more understanding, not only of this human problem, but of the national need to buy as well as sell."

Kennedy, in discussing trade dislocation at home, said: "For the first time, in this legislation we provide assistance to companies to modernize, as I've said we provide retraining. We provide unemployment compensation if anyone is adversely affected. What will come of this will be increased employment by those industries, as a matter of fact, which pay the best wages."

### 8 GOING TO LOCK HAVEN

Eight county youths were recently selected by the Adams County Council for Cooperatives to attend a four-day state-wide conference of the Pennsylvania Farm Cooperative Youth program on the campus of Lock Haven State College from July 15 to July 19.

By judging the results of a written examination on their knowledge of cooperatives and by their school, club and farm activities, the following countians were selected: Shirley Bair, Littlestown R. 2, 4-H club member and daughter of Mr. and Mrs. Theron Bair; Connie Hartman, Gettysburg, 4-H club member and daughter of Mr. and Mrs. John Hartman; Judy Crum, Gardners R. 2, 4-H club member and daughter of Mr. and Mrs. Ray Crum; Richard

## TITAN MISSILE BLOWS UP IN 15-FOOT SILO

CHICO, Calif. (AP)—Investigators awaited clearing of smoke and fumes from a smoldering underground silo to determine what caused the multimillion-dollar blast of a 96-foot Titan intercontinental ballistic missile Thursday.

The giant weapon, one in a complex of three eight miles north of this northern California community, exploded in its 150-foot silo during a fueling test.

Seven civilian workers were hospitalized from smoke inhalation and were in fair to good condition. Fifty-two others were treated for slight inhalation and released after checkups at a Chico hospital.

Although the other two launching systems were not damaged by the blast, Col. William Sault ordered suspension of work on the entire project pending a thorough investigation. Sault is in charge of the checkout phase of the nearly completed Air Force project.

The blast in silo No. 1 came after the three Titans had been fueled with liquid oxygen and the propellant was being withdrawn by the installation's complex pumping system.

Vapor and smoke preceded the blast, reaching workers in the adjacent tunnels. The men raced through a ventilation tunnel and out a ground hatch that normally would have been closed.

### 6 FIRE CALLS

County firemen were busy Thursday. Littlestown's Alpha Fire Company in addition to the Barnes house fire Thursday night also answered alarms at 10:49 Thursday morning and 6:22 o'clock Thursday evening to cars on fire. Arendtsville firemen were called at 1:57 o'clock Thursday afternoon to a fire in an orchard owned by Dr. Raymond Hale and returned at 4 when trees that had been smoldering burst into flame again. Midway was called at 6:03 o'clock to stand by for the burning of wood in Hanover.

## Blanch Vegetables Before Freezing Says Economist

By MRS. HELEN D. TUNISON  
Extension Home Economist

Blanch all vegetables before freezing.

Blanching does two things. One, it slows down or stops the action of the enzymes so the vegetable doesn't become overmature. If vegetables are not blanched, this action continues and changes take place in the flavor, color, and texture of the product. Two, blanching kills bacteria that could cause food spoilage.

MRS. TUNISON

In experiments at the Pennsylvania State University, workers froze corn, peas and asparagus, both blanched and unblanched. After 2, 4 and 8 weeks of frozen storage, the vegetables were cooked and tasted by a trained panel of judges. Judges weren't told which vegetables were blanched or unblanched, but in every case they judged the unblanched vegetables inferior in flavor, texture and color.

All unblanched vegetables were higher in bacterial count than their blanched counterparts, the study showed. Unblanched cut corn was so high in bacterial count it was considered unsafe to sample.

For more information on freezing vegetables call or write your Agricultural and Home Economics Extension office in the County, Gettysburg.

### CLOTHES FOR VACATION

A list of vacation activities and activities and suitable clothing for them helps to solve the family's wardrobe problem. Where the family will vacation influences the kind of clothing required.

Women can follow a basic color scheme and make use of mix and match skirts, tops and accessories. A basic dress or a two-piece outfit that's easy to dress up or down with accessories and a multipurpose coat are wise choices. A sweater or stole can serve for a light wrap.

Girls can have a similar coordinated plan and use sweaters or jackets as needed for warmth. Clothing items for men and boys should be packable and easy to care for.

Small all-over print fabrics show wrinkles less than solid color fabrics. Neutral tones, such as khaki, and the middle to low color values tend to show soil quicker than high color values.

Because they're not bulky, wrinkle-resistant fabrics are good choices for clothing items for everyone. Fabrics made of man-made fibers and blends of man-made and natural fibers, cotton seersucker and double-knit shrinkage controlled cotton fabrics are excellent choices.

Each family member needs comfortable shoes for walking or hiking and suitable socks or hose. Camping will require ample slacks, shirts and other outdoor wearing apparel. Rainwear for everyone is desirable and swim wear has a place in the vacation wardrobe.

Spandex is an important family name in man-made fibers. Stretch fibers are used in foundation garments and bathing suits.

Three Spandex fibers, which go under the trade names of Lycra, Vynene, and Stretch-Ever, dominate the field. Lycra, the product of 15 years of research, is like a cable made of many tiny fibers. The strength Lycra gains from this bundling helps to eliminate the danger of ripping a thread with a fingernail or of damaging the fabric during stitching. Needles can easily go through the space between the fibers. If one fiber is

damaged, the other fibers in the bundle continue to do their job. Lycra is a natural white fiber that can be used as is or that can be dyed. It may or may not be encased in other threads.

Vynene differs from Lycra in two ways — it furnishes one cone instead of a group of tiny fibers and it is not used with a covering. Vynene, like Lycra, attracts dyes and comes out in pastels and vibrant clear colors.

Stretch-Ever was introduced during the past year. This Spandex fiber is two or three times lighter in weight than rubber elastic, but has the power to mold or shape. Stretch-Ever is machine washable at a low temperature and is not affected by air, oils, perspiration, or deodorants.

## Wedding

Weaver—Miller

The marriage of Miss Mildred Ann Miller, daughter of Mr. and Mrs. Curvin A. Miller, New Oxford, and Robert Leo Weaver, son of Mrs. Stella Weaver, Gettysburg R. 5, and the late Harris S. Weaver, took place at Immaculate Conception Catholic Church, New Oxford, Saturday at 9 a.m. in a Nuptial Mass conducted by the Rev. Joseph L. Browne. The double-ring ceremony was used. The altar was decorated with red roses and fern. Miss Josita Bevenour, soloist, was accompanied by Miss Marie Noel.

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace and tulle. Her fingertip veil of nylon tulle fell from a crown of seed pearls and sequins. She carried a white pearl prayer book, a gift of her brother, topped with a white orchid and shower of red sweetheart roses and ribbon.

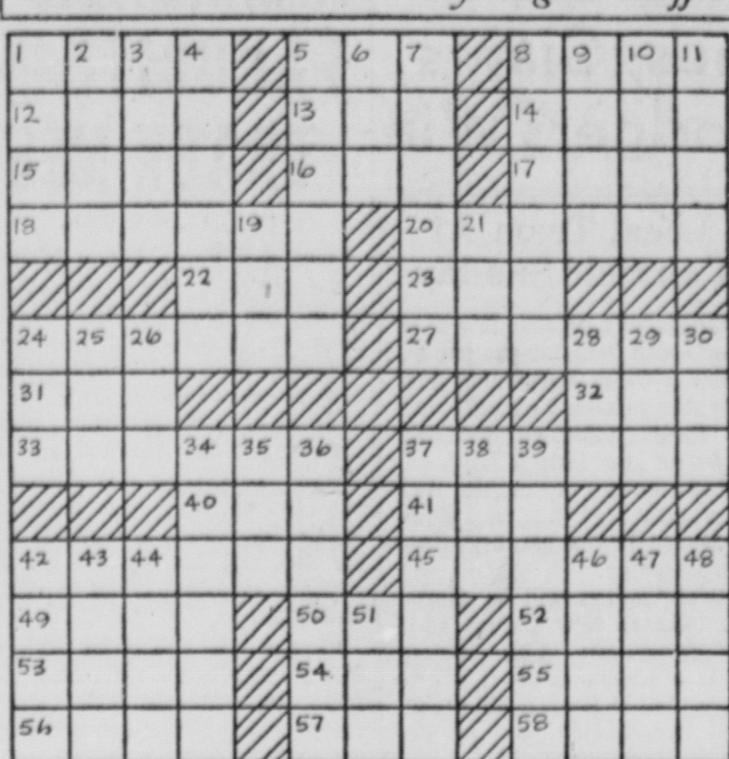

Miss Teresa Smith, New Oxford, was maid of honor. She was attired in a gown of pink lace over silk organza.

The bridesmaids, Miss Mary Miller, sister of the bride, and Mrs. Loretta Rider, both of New Oxford, wore blue gowns styled like that of the honor attendant. William Sanders, Gettysburg, was best man. Ushers were Michael Miller, New Oxford, brother of the bride, and Gerald Sanders, R. 5.

Approximately 250 guests attended a reception at New Oxford fire hall.

The bride is a 1960 graduate of Delone Catholic High School and is employed by the Pennsylvania State Police, Harrisburg. The bridegroom is a 1957 graduate of the same school. He is serving with the U. S. Army at Oakdale.

\$800,000 sought at this time will be used to match the \$500,000 matching-grant given to the college by the State of Maryland for that purpose. This grant must be met by January 1, 1963.

The Science Building, designed by the architectural firm of F. Edward Tormey Jr., Baltimore, Md., will be a three-story structure of mountain stone construction, native to the area, to blend with the present campus buildings. It will be fitted to the sloping terrain of the front campus and located parallel to the new dormitory and at right angles to another dormitory. Pangborn Hall Thus, it will form the third side of the proposed quadrangle in that area of the campus.

### PREPARATION ROOM

Biology, Chemistry and Physics Departments of the college will each have a separate floor in the new building. The first floor will be assigned principally to the Physics Department, although the first floor will also contain a preparation and storage room, as well

as an adjoining 200-seat auditorium. There will be separate entrance to the auditorium for functions other than those of the science classes.

The Physics Department will provide rooms for the following: General physics, advanced optics, reactor room, shop, two mathematics rooms, two large lecture rooms, and one research room with two adjoining faculty offices. A large receiving room and storage space will be provided as well as a greenhouse, small animals room and a refrigerator room for the use of the Biology Department.

### SPECIAL EXHIBITS

The second floor is assigned to the Biology Department. The main entrance opens on this floor. On entering the vestibule and large lobby, one finds the walls lined with display cases for special science exhibits. The departmental provisions include: Bac-

### HONORARY CHAIRMEN

His Excellency, the Most Rev. Lawrence J. Shehan, D.D., archbishop of Baltimore, and the Hon. Thomas W. Pangborn, industrial philanthropist, Hagerstown, Md., will serve as the honorary chairmen of the drive. Thomas L. Gollubart, business executive, Detroit, Mich., and Rt. Rev. Robert R. Kline, Ph.D., college president, will act as the national chairmen. The present committee will be expanded as the drive progresses.

The drive will be conducted in two phases: "Special Gifts" and "General Phase." The "Special Gifts" phase will be conducted from now until fall and will be directed toward the potentially donor. The "General Phase" will begin in the fall and will be geared toward the general public, alumni, parents, and friends of the college.

Campaign headquarters have been set up at the college in Room 104, Bradley Hall and are under the direction of Lawton B. Wolfe, Baltimore, Md.; Father F. A. Mc-

## Body Of Man Is Washed Ashore

NEW CASTLE, Del. (AP)—The body of a 47-year-old man, missing since Sunday when a cabin cruiser caught fire and burned to the water line, washed ashore on Thursday at Dobbinsville, just to the south of here.

Coroner William Doherty said Frederick Porter, 47, had drowned. Porter's son, Frederick Eugene, 27, was with him when the fire broke out on the 20-foot boat. He jumped into the Delaware River, was picked up and taken to a hospital for treatment of severe burns.

Enrich those baking powder biscuits by adding a half cup of grated cheddar cheese to a two-cup flour recipe. Stir in the cheese with a fork before adding the liquid.

## WOMEN'S CLUBS ELECT OFFICERS

PITTSBURGH (AP)—The Pennsylvania Federation of Women's Clubs has selected a new president at its 65th annual convention. The group elected Mrs. H. E. Sanford of Rosedale, Allegheny County, Thursday to replace the outgoing president, Mrs. Russell Clements of Wallingford, Delaware County.

Other officers elected for two-year terms were: Miss Thelma Showwater, Mifflinburg, Union County, first vice president; Mrs. H. Clair Henry, Brookville, Jefferson County, second vice president; Mrs. Richard S. Neville, Broomall, Delaware County, third vice president; Mrs. Klyde Kerstetter, Allentown, secretary; and Mrs. George S. Karsnitz, Myerstown, Lebanon County, treasurer.

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

**ADAMS COUNTY'S OLDEST GRAVEYARD**

The genealogical and historical notes, unfortunately too little known, pertaining to the Buchanan-Spear-Lane-Johnston families are concluded at this time.

The obituary of President James Buchanan, the only native-born Pennsylvanian to become the President of the United States, as it appeared in the local "Compiler" trod a safe middle path and ended as follows:

"The mansion at Wheatland was thrown open to the public, and the body of ex-President Buchanan was exposed in the hall, while the family waited in the room in which Mr. Buchanan died. The ex-President was dressed in a satin shroud, with white necktie and high collar, as in life. His face looked very natural and expressive. The coffin and hearse were of a solid, plain character, according to the directions of Mr. Buchanan himself. A band played a funeral march on the way to the grave. The Masons assisted throughout the ceremony, and their burial service accompanied the religious rites.

"All denominations of clergymen assisted at the grave, but the immediate ceremony was read by the Rev. John W. Nevin. Wreaths of laurel, ivy, and 'immortelles' were deposited upon the coffin. The bells of all the churches of Lancaster tolled during the passing of the procession, business was universally suspended, and people crowded the streets through which the body passed to Woodward Hill Cemetery, the place of burial, which stands on the edge of town, in an opposite direction from Wheatland. It (the burial ground) was crowded with a respectful assemblage of people before the procession arrived.

**GAVE FUNERAL DATA**

"Mr. Buchanan gave explicit instructions in regard to his funeral, to his executors, on the Saturday preceding his decease. He requested that there should be no large or expensive monument erected over his remains, but that there should be a simple and substantial oblong tomb erected, the capstone to be of the finest but most durable marble, on which he especially requested should be cut, in Roman letters, the following inscription, and nothing more, 'Here rest the remains of James Buchanan, fifteenth President of the United States. Born in Franklin County, Pennsylvania, April 23, 1791. Died at his residence, at Wheatland, Lancaster County, Pennsylvania — (June 1, 1868.)'

"The will of Mr. Buchanan was to be opened tomorrow. His estate is computed conservatively at three hundred thousand dollars. His executor is an intimate friend."

The monument he had requested was erected over James Buchanan's grave in Woodward Hill Cemetery and the inscription which he had written himself was cut thereon. He rests alone in the burial plot purchased not long before his death. Harriet (Lane) Johnston is buried in Baltimore, Maryland, in historic Greenmount cemetery. Rev. Father Edward Young Buchanan, the President's only surviving brother, is buried with members of his immediate family in the graveyard of Trinity Episcopal Church, near Philadelphia, Pennsylvania. Other members of the Buchanan family are interred in the old Waddell Graveyard near Mercersburg, Pa.

**A "TABLE TOMB"**

The only woman James Buchanan ever loved and to whom he was faithful "even unto death" rests in a grave located immediately behind the chancel of St. James Episcopal Church, Lancaster, Pennsylvania. Her monument is an imposing "table tomb" with a somewhat lengthy inscription cut thereon —

"Sacred to the memory of Ann Caroline Coleman, daughter of Robert and Anne Coleman. Who died suddenly in Philadelphia, on the 9th day of December, A.D., 1819. In the 24th year of her age. Pious, gentle, full of sensibility. Lovely in person; in mind, pure and enlightened. Tender and affectionate to her parents and friends. To all benevolent and kind. She lived beloved. She died lamented."

For some 49 years James Buchanan carried the image of Ann Coleman in his heart. For almost half a century death and misunderstanding stood as a barrier between them but finally he went to join her and Harriet Lane Johnston, in tender understanding, destroyed the last few tangible objects of "a love that lived beyond the grave." Today the portrait of Ann Coleman, so treasured by James Buchanan during his lifetime, hangs on the wall of his bedroom at Wheatland.

This concludes, for the time being at least, the date on James

**WHICH IS OLDEST**

The question is often asked — "Which is the oldest graveyard in what is now Adams County, Pennsylvania?" The inquiry is easily answered — the McClellan Family Graveyard located back of the Black Horse Tavern, the ancestral home of the McClellans, on the banks of Marsh Creek, is the most ancient burial ground in what is now known as Adams County. Here, according to a fairly reliable tradition, was buried the first white man to die in this section of Pennsylvania.

Due to years of neglect and vandalism no accurate historical and genealogical study can be made of this historic spot. Many of the old grave markers have long since disappeared and quite a good few of the graves were never marked. However, enough remains to give a fairly accurate idea of the various families who used this site as burial ground. All were related, by blood or marriage, to the McClellans.

This historic burial ground is literally cut into the side of a hill and is enclosed, on three sides, by a stone wall. It fronts on the "Black Hole Road" and a more modern fence, with gate, completes the enclosure. The dead are buried in rows — with the oldest graves in the back, or in the eastern section. Members of the McClellan family were interred in the southwest corner. It is somewhat ironic to note that today no marker bearing the name "McClellan" remains to tell its story.

In searching the old newspaper files quite a few interesting items were found as follows:

**THE McCLELLAN GRAVEYARD**

The historical and genealogical study of the McClellan family burial ground, the oldest in what is now Adams County, Pennsylvania, is continued at this time.

On Monday, March 20, 1843, the following obituary appeared in the "Adams Centinel" (later the "Star and Sentinel") and it "throws" quite a bit of light on the history of the old McClellan graveyard.

"Died, at Chambersburg, Pennsylvania, on Tuesday, March 14, 1843, Mr. William McClellan, Senior, formerly of Fairfield, this County, aged about 80 years. His remains were interred in the family burial ground on the farm of William McClellan, Esq., on Marsh Creek this County, on Thursday afternoon, March 16th. It is worthy of remark that the bones of his father, grandfather, and great-grandfather lie in the same burial place. And from the fact stated to us, that the first white man who died in this settlement was buried there, it is no doubt the oldest burial ground in this section of the country."

**FOURTH GENERATION**

Note — The William McClellan mentioned above was of the fourth generation of that family in what is now Adams County, Pennsylvania. His grave is, according to family tradition, located in the southwest corner of the family burial ground and either it was never marked or the gravestone has suffered the same fate as many others — it has long since disappeared.

Adams Centinel, Wednesday, January 16, 1811 —

"For Sale — A Valuable Plantation — Situate in Cumberland and Hamilton Twp., Adams County, two and one-half miles from Gettysburg, on the Great Road leading to Hagerstown, containing 400 acres — 200 cleared, 40 whereof are meadow. The improvements are a large commodious

"Died, Thursday, May 28, 1812, in the 13th year of her age, Miss Ann Eliza McClellan, daughter of William McClellan, Esq., of this place (Gettysburg, Pennsylvania)."

Note — The daughter of William McClellan, Esq., of the fourth generation, and his wife, Mary Magdalena Spangler. This little girl, the eighth child in her family, was born December 20, 1799. Without a doubt Ann Eliza McClellan was buried in the family graveyard and if her grave was marked the stone has long since disappeared.

2. Adams Centinel, Wednesday, September 15, 1813 —

**HATTER BY TRADE**

"Died, September 7th, 1813, at his residence in Millerstown (now Fairfield), this County, in the 34th year of his age, Mr. David McClellan, hatter."

Note — Apparently a son of William McClellan, third of the name, and his second wife, Mary Reynolds, David McClellan, a "hatter" by trade, died unmarried. It is reasonable to assume that this young man was buried in the family burial ground on Marsh Creek. There is no marker at the grave today.

3. Adams Centinel, Wednesday, March 22, 1815 —

"Died, Sunday night, March 19th, 1815, in the 21st year of his age, Baltzer Spangler McClellan, the second son of William McClellan, Esq., of Marsh Creek, this County."

Note — The second son and fifth child of William McClellan, fourth of the name, and his wife, Mary (or Maria) Magdalena (Spangler) McClellan. This young man, who was named for his maternal grandfather, was born at the old "Black Horse" Tavern, the McClellan home on Marsh Creek, on October 16, 1794. His grave, in the family burial ground, has no gravestone to point out its exact location.

4. Adams Centinel, Wednesday, August 21, 1816 —

"Died, August 18th, 1816, at the house of William McClellan, Esq., of Marsh Creek Settlement, this County, Samuel Wagner McClellan, son of Mr. Samuel McClellan, of the city of Baltimore, Maryland."

Note — The son of Samuel McClellan, of the fourth generation, and his wife, Eve Maria Elizabeth Raborg, Samuel Wagner McClellan was born March 24, 1815, and was only a year and about five months of age at the time of his death. This little boy was a nephew of William McClellan, Esq., at whose home he died. Buried in the family graveyard.

**UNMARKED GRAVES IN THE McCLELLAN BURIAL GROUND**

It is very doubtful if, at this just how many burials were actually made in the McClellan family graveyard or the approximate number of unmarked graves in this comparatively small plot of ground. According to a fairly reliable tradition, in some cases, the dead are interred two and three deep — one on top of the other. Since this was the first burial ground in the section the story is probably true and such a surmise brings the total number of interments to a still higher level. Since so few of the old grave markers are still in place at the present time the only way to give even an approximate idea of the number of people buried here is through a thorough search of the old newspaper files. This is a somewhat "hit or miss" method for, in the early days, death notices were not published unless the family of the deceased made it a special point to get the news to the editor of the paper — and then paid a fee for the publication of the same. Many never bothered to do this and the results were disastrous for both historian and genealogist.

The list of possible burials, as taken from the files of the "Adams Centinel" (later the "Star and Sentinel") is continued at this time.

**UNMARKED GRAVE**

5. Wednesday, September 24, 1817 —

"Departed this life, on Monday, September 22, 1817, at an advanced age, Mrs. Margaret McClellan, wife of Mr. Jacob McClellan, of Millers-Town (now Fairfield), Adams County, Pennsylvania."

Note — The exact place of Jacob McClellan on the family tree is not known but he was undoubtedly a member of the family who settled on Marsh Creek

## HOLD AWARDS ASSEMBLY AT HIGH SCHOOL

The annual awards assembly of the Littlestown High School was held on Thursday afternoon in the school auditorium.

Barry Wisotzky gave a brief organ recital as the students assembled. The opening devotions were in charge of Donald Jones, retiring president of the Student Council. The Blue Band, under the direction of Paul A. Harner, played a selection after which the high school principal, Frank E. Basehoar, was presented by Donald Jones. Mr. Basehoar was in charge of the awards assembly, introducing each faculty member, who then gave the individual awards to the recipients.

Mrs. Brenda B. Walker, school nurse, presented the Future Nurses' Club award, which is issued to those girls who will be entering nursing training and who have been accepted at the hospital of their choice, to Sally Basehoar and Diane Yealy.

Those seniors in journalism who have "faithfully served" on the staff for three years were presented certificates by Mrs. Nancy Shelly: Donald Jones, Richard Hornberger, Paul Bowman, Connie Grove and Sally Brown.

### GIVE ESSAY PRIZES

# MINK AUCTION IS SYMBOL OF U.S. ECONOMY

BY JEAN SPRAIN WILSON  
The Associated Press

NEW YORK — Mink is so accessible today that a secretary can blink mink lashes, carry a mink beer opener, or even punch her time clock fully clad in it without causing office gossip.

Yet, paradoxically, the fur that makes up 85 per cent of the market remains a status symbol. It is not only expensive now (averaging \$3,000 for a coat), but by fall it will be 10 per cent more so.

The pelts of these vicious, well-fed, short-lived animals drape around the shoulders of more working girls than ever before because, as Edward Langenfeld says, "more working girls earn enough to afford it."

## MEASURE OF ECONOMY

In fact, the president of the Emba Mink Association (an organization of mink ranchers) claims the mink market is a remarkable accurate measure of the health of the nation's economy.

Approximately two dozen times during the winter months auction houses here test the economy, and also at the wave of a gavel, improve or shatter the fortunes of some of the country's 25,000 mink ranchers.

The ranchers often accompany their bundles of blonde, brown and tan mink skins to the auction house to learn immediately how much return they will get on an investment of four mink meals a day from April through November.

The graders stamp, code and arrange them in bundles of about 36 pelts and tie them to racks.

and Mrs. Chatlos, who was the former Miss Sheila Jones, and their four children reside in Emmitsburg.

The baccalaureate service will be as follows:

Prelude by Mrs. Jocelyn S. Zimmerman; processional, "God of Our Fathers"; invocation, the Rev. George Shultz Jr.; hymn, "O God, Our Help in Ages Past"; Scripture; prayer, the Rev. William R. Jones; special music; offering to be received by the Rev. G. Howard Koons; offertory and response; hymn, "Living for Jesus"; sermon, "Making a Living and Making a Life" by the Rev. Mr. Chatlos; hymn, "Rise Up O Men of God"; benediction by the Rev. Glenn Finchbaugh, and the recessional.

There they hang like eerie phantom trees in the bluish light. After that the ranchers' fate and the eventual cost of a mink coat are up to the fur buyer.

## WEARS WHITE COAT

He dons a white coat, although it isn't necessary, just a carry-over from less efficient days when greasy, untanned skins got their surroundings soiled. After examining the bundles, he notes their numbers in his market book, and descends to a long, narrow auction room many floors below.

The auctioneer, with three spotters on each side, stands behind the long, high bench. Overhead a sign indicates the name of a mink on sale, above that a neon sale number blinks.

The buyers at their tables hunch over code books like horse players with racing forms, scribbling and sending secret signals to vigilant spotters.

Somebody drops his eyelids, another a pencil. Or another tugs at his ear lobe so that a competitor won't know what he's paying for his minks. When the well-trained spotter sees the signal, he shouts "Up!"

Each "Up" raises the pelt price 25 cents on a female skin, 50 cents for larger skins. The unceasing cry of "Up, Up, Up" sounds like popcorn popping. The auctioneer's shoulder high flourish with his gavel signals the end of bidding.

Within a day the auctioneer moves more than a million dollars worth of minks out of the fur forests upstairs to the back shops of skilled furriers everywhere.

And in another month, some working girl is making her first payment on her first mink, a symbol of national prosperity.

## CEMENT SITTER

DES MOINES, Iowa (AP) — Fourteen-year-old Marcia Hudson of Des Moines was engaged the other day as a "sitter." When she arrived at her employer's home, it was explained that the entire family had to be away for a few hours. She was given a lawn chair and asked to see that neighborhood kids didn't mar the newly-poured cement of the backyard patio.

## HISTORY OF THE YO-YO

NEWARK, N.J. (AP) — The yo-yo is a toy with a past. Research has disclosed it was patented by a Newark firm in 1867 as the "return wheel." It didn't sell and was discontinued.

## UNATTENDED REHEARSAL

ROCHESTER, N.Y. (AP) — A scheduled practice session on an abandoned house was spoiled for volunteer firemen in suburban Brighton three days before the event when the house caught fire and burned to the ground. The cause was not determined.

## WORK RECORD

GREENWOOD, S.C. (AP) — Greenwood Mills' "Family of the Year" in 1961 includes five daughters and two sons of Mrs. J. A. Shannon, 79, who have worked a

total of 234 years at the mills.

Their spans of service range from 25 to 39 years. The total does not include the 14 years Mrs. Shannon's late husband worked with the mills or the 25 put in by another son who has left their employ.

BUFFALO, N.Y. (AP) — An unidentified man took the law into his own hands on the busy New York State Thruway recently. He arrested a dozen speeders.

The self-appointed "officer" said he was fed up with watching other

drivers whiz by while he stayed within the 60 mph limit.

The motorists, late for work and fuming, were released by police. The "officer" got a lecture and lost the badge he had used to make the arrest—an honorary deputy sheriff's emblem that expired six years ago.

## PLAN FOR SUMMER

Girl Scout Troop 780 met at the engine house on Monday after school, when Mrs. James H. Spalding, Mrs. William Moon and Mrs. Fred W. Hartlaub, leaders, presided. Summer activities were planned, to include a sandwich sale on June 14 with proceeds for the July camping trip to Camp Happy Valley, near Fairfield. The troop will meet on June 4 to make preparations for the mother and daughter affair at Natural Dam. The Girl Scouts will participate in the community Memorial Day parade on Monday at 6:30 p.m. The group will be accompanied by Mrs. George Rhodes, leader. Girls are reminded that registration dues must be in the York office no later than June 4.

## "MENTAL HEALTH" TOPIC

The Littlestown Homemakers will meet at 8 p.m. on Monday at the home of Mrs. Pauline Crouse, near Gettysburg. The topic for discussion will be "Mental Health."

## FIREMEN TO MEET

The May session of the Kingsdale Fire Company will be held at 8 p.m. on Monday at the engine house, along the Littlestown-Taneytown Rd. Following the business, refreshments will be served by Lester Cluck, Richard Coffman and Preston Crabbs.

## OVER SUBSCRIBED

LINCOLN, Ill. (AP) — Red Cross blood donors "broke the blood bank" for Johnny Wallace, 8, who faces heart surgery.

Although his surgeon appealed for only 24 pints of blood, donors earmarked 89 pints at the blood bank to assist the boy.

## Annual Memorial Parade And Services Monday At 6:30; Vet Pastor To Talk

The annual Memorial Day observance will take place in Littlestown Monday evening with a parade at 6:30 p.m. to be followed with a service in Mt. Carmel Cemetery.

The memorial address at the cemetery will be given by Rev. Lloyd H. Seiler, a veteran of World War II and now pastor of the Silver Run Lutheran parish. The 42-year-old minister is a native of Northumberland County, Pa., and was graduated from Frederick High School, Gettysburg College and the Gettysburg Lutheran Theological Seminary in 1948.

Rev. Mr. Seiler was recipient of the sophomore military award in ROTC in 1937 from Gettysburg College. Rather than resign the commission as second lieutenant, he went on active duty with the Pennsylvania National Guard, 28th Infantry Division, in June, 1941, and remained with the 28th Division until wounded the second time in August, 1944. He served in the European Theater of Operations for 27 months and his total active duty tour was 57 months. The veteran received three campaign stars: Normandy, Northern France and Rhineland. He holds the Purple Heart with the oak leaf cluster.

REV. L. H. SEILER

Because of World War II wounds, the former combat commanding officer went south in 1948 serving under the Board of American Missions of the United Lutheran Church in America. During this 10-year period he organized new and reclaimed old congregations in Georgia and Mississippi. He left Faith Lutheran Church which he had organized in Starkville, Miss., on August 15, 1958, to become pastor of the Silver Run parish.

The parade will form at 6 p.m. in the vicinity of the Maple Ave. School and move at 6:30 p.m. to E. Myrtle St., south on N. Queen St., through the square, S. Queen to Cemetery St., then to Mt. Carmel.

Beaven F. Hanlon and Edgar W. Wisotzky will be co-m Marshals for the parade and the line-up will include: Littlestown Ministerium, borough officials and councilman, representatives of all community organizations, Littlestown High School Blue and Gold Bands, Cubs, Boy Scouts, Brownies, Girl Scouts, Hanover American Legion Drum and Bugle Corps, majorette groups, Rolling Acres Elementary School children and others.

The parade will pause along the route at the veterans' monument on St. Queen St. The brief service there will consist of prayer, the placing of wreaths by the local veterans groups and taps.

The line-up will then proceed to Mt. Carmel Cemetery where the service to include: Opening prayer by a local minister, selections by the high school bands, address by Rev. Mr. Seiler, benediction. Ralph R. Ruggles will be commander of the firing squad.

The memorial observance is in charge of the Allied Veterans Council, consisting of representatives of Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars and Ocker-Snyder Post No. 321, American Legion. Anyone wishing transportation to the parade or service is invited to contact Beaven Hanlon or Edgar Wisotzky no later than Saturday.

The Legionnaires and VFW members will place markers and flags on the graves of veterans in the local cemeteries on Sunday. The group will leave at 1:30 p.m. from the Legion Home.

## New Churches Are Topic For Society

Mrs. George Shultz Jr. was leader at the May meeting of the Women's Missionary Society of St. Luke's Union Church, near White Hall, held at the church on Wednesday evening. The topic "New Churches in New Communities" was introduced by the leader and assisting with the presentation were Mrs. Fred W. Hartlaub, Mrs. Parr R. Breighner and Mrs. Robert Gladhill. A film entitled "A New Church is Born" was shown. Mrs. Atlee Breighner read the Scripture and offered prayer.

Routine business was transacted in charge of the president, Mrs. Shultz. The society will meet again on Wednesday, June 27, 8 p.m. at the church. The leaders, Mrs. Atlee Breighner and Mrs. Donald Bardner will present the June topic "Old Churches in New Communities."

## POST TO GET NEW CHARTER

The annual charter presentation ceremonies for Explorer Post 84, Boy Scout Troop 84 and Cub Pack 84 will take place on Sunday at 2:30 p.m. at the Littlestown Fish and Game Farm, near town. The affair will be held immediately following the break-up of the Black Walnut District

Camporee at 2 p.m. at the farm. All units attending the camporee are invited to attend the charter ceremonies.

Post 84 Explorers will go to the camporee site this evening for the weekend. Each youth will take his own bedding and personal articles. The post will cook as a unit.

The Cubs will attend the camporee on Saturday from 3 p.m. until after the campfire program in the evening. There will be Cub activities from 3 to 6 p.m. and a picnic from 6 to 8 p.m.; each den

will arrange for their own food and then the Cubs will remain for the evening campfire ceremonies.

The pack members will participate in the annual community Memorial Day parade on Monday at 6:30 p.m. The boys will meet in the rear of the Maple Avenue school at 6:15 p.m. to form.

The final meeting of the season was held by the Cubs of Den No. 8 on Wednesday evening, when they traveled to the Hanover water works. They were accom-

panied by Mrs. Ruth Stonesifer and Mrs. Katherine Hall, den mothers, and James Bittle, den chief, with Cubmaster Alvah L. Stonesifer and Mrs. Gloria Bittle, former den mother, as guests. The caretaker, Mr. McKain, spoke to the group concerning weather instruments, various types of trees, animals and fish found in the area and other pertinent data; the Cubs were especially interested in the fire trails and methods of fire prevention. Because of the rain, the area was toured by car. The group returned to the Stonesifer home for games and refreshments.

Youngest pitcher with the Los Angeles Angels is Dean Chance. He turns 21 on June 1. He comes from Wooster, Ohio.

# MRS. LEISTER PRESIDENT OF WOMAN'S CLUB

Nomination and election of officers took place at the monthly meeting of the Woman's Community Club of Littlestown and Vicinity held on Wednesday evening in the social room of the Eagles home, W. King St.

Mrs. Edward H. Leister was elected president and the other officers include: First vice president, Mrs. Leroy W. Bish; second vice president, Mrs. Harry W. Stavely Jr.; secretary, Mrs. Anna B. Leach; assistant secretary, Mrs. Paul E. Altoff; corresponding secretary, Mrs. John W. LeGore; treasurer, Mrs. Sterling J. Wisotzky; parliamentarian, Mrs. Charles W. Weikert; and publicity, Mrs. Paul Altoff. Installation will be held in conjunction with the next meeting on June 27. Election followed the report of the nominating committee, which included Mrs. Clayton L. Evans, Mrs. Harry W. Stavely Jr., Mrs. Holman L. Sell, Mrs. Charles E. Benner and Mrs. Charles H. Fissel.

The session was in charge of Mrs. Leister, who has served as vice president for the past year and opened with the Pledge of Allegiance and the club collect. A contribution was voted to the National Society for the Prevention of the Blind and individual donations were received for the state federation's penny art fund. The resignation of Mrs. Donald Clapsaddle was accepted with regret.

## BLOOD PROGRAM

A letter from the local VFW Auxiliary regarding their proposed blood typing was read by Mrs. Leister. It was noted that the auxiliary and post will sponsor this program. The bloodmobile will come to the community to type the blood of interested individuals providing there are a sufficient number of local citizens who volunteer. All persons, ages 21 to 61, are eligible, those from 18 to 21 with the signature of their parents. If the program is successful, each participating organization will receive a list of blood types and volunteer donors for quick reference. The home life department chairman, Mrs. George C. DeHoff, will accept the names of all those from the club who would like to take part in this blood typing program.

Mrs. Luther W. Ritter spoke regarding the Adams County Library sponsored performance of the play, "The Miracle Worker." The play will be presented at

Front row left to right: Cherie Phillips, Betty Waddell, George Rue. Back row: Carroll Hahn, David Hopkins, Dwight Copenhaver.

8:30 p.m. on Monday, June 18, at the Totem Pole Playhouse.

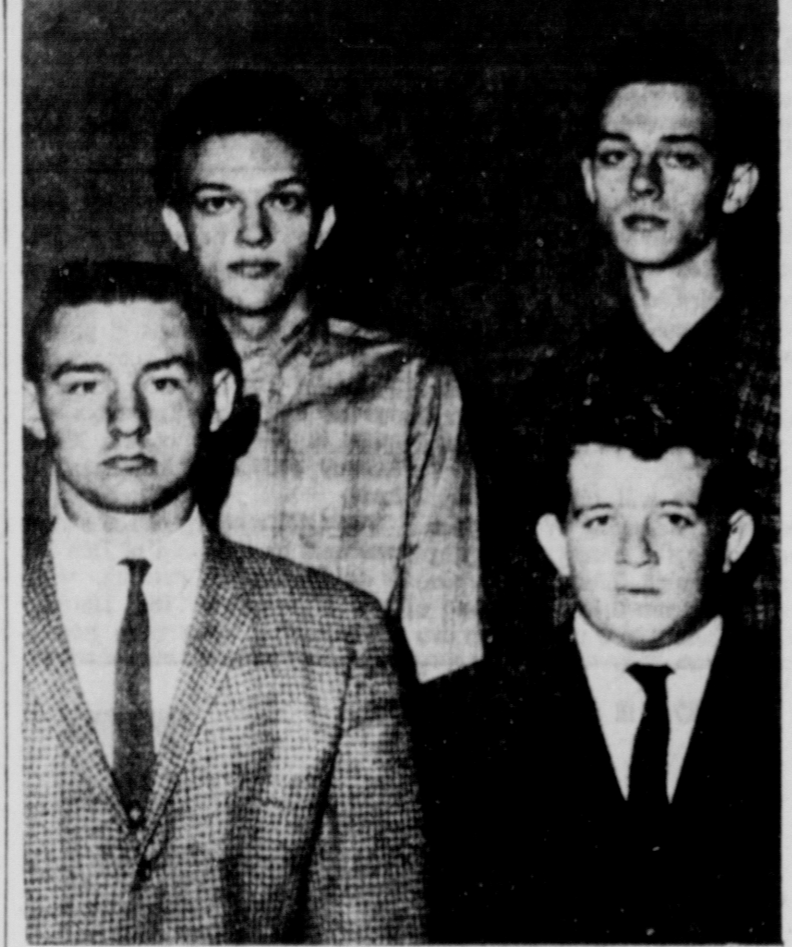

Tickets may be secured from Mrs. Ritter, who will also accept donations of \$1 or more for the appearance of donors' names on the program.

## "NIGHT OF MUSIC"

Members were asked to give suggestions for programs for the ensuing year to the program committee. The Public Affairs Department, Mrs. Luther Ritter, chairman, will be in charge of arrangements for the annual club trip. It is requested that members give suggestions for this year's bus trip to Mrs. Ritter. Mrs. Leroy Bish, general chairman of the committee for the club sponsored April card party, announced that over \$130 was realized from the event, the proceeds of which were earmarked for the local public library needs.

Mrs. Monroe J. Stavely displayed the trophy which was awarded to the club as second place winner in their category for the table arranged in the recent Spring Fashions Tea Table service, in Gettysburg. She also presented the check for \$5 for second place. She showed colored slides of the club table and other tables in the contest.

"A Night of Music" was the theme of the evening's program, with Miss A. Marie Budde, acting chairman, in charge. Entertainment was presented by the children and grandchildren of members as follows: Piano solo selections, Miss Marilyn Miller; vocal

ert; piano solo selections, Ruth Ann Benner; vocal solo selections, Betty Lou Sell, accompanied by Miss Budde. Charleston routine to recorded music, Janice Evans. Refreshments were served by Mrs. Emory C. Gitt, Mrs. Vernon Snyder and Mrs. Anna Leach. The Rev. Dr. John E. Metz, pastor of St. Aloysius Catholic Church, will be the speaker for the next meeting of the club on Wednesday, June 27. Mrs. Bernard M. Selby will be program committee chairman, and Mrs. Alvin J. Groft is chairman of the hostess committee.

# On The House

BY ANDY LANG

The Associated Press

Along about this time every year, the mailbag is laden with questions about excessive moisture in the home. For the letter writers, as well as the thousands of silent sufferers, here are some facts and figures about the humidity problem.

Moisture condensation results when the water vapor in warm air comes in contact with a cold surface. It is this condensation which causes paint to peel and wood to rot. (This is entirely aside from the health hazards of a continually damp living area.) The most visible evidence of the condition is the formation of drops or streams of water on the inside of a window. When the water vapor escapes through inside walls, it is not always apparent at first, but shows up later in such things as blister formations on outside paint surfaces.

In older houses, where there was a great leakage of air, excessive humidity was seldom a problem. Today, with such things as insulation, storm sash, weatherstripping and other measures designed to tighten the construction of a house, the water vapor can not escape and so condenses on the inside. The situation is made worse by the multiplicity of modern appliances which give off moisture.

## BASIC PRINCIPLE

The principle to be remembered in attempting to correct the humidity problem is that the moisture must be permitted to escape—but not through the walls.

Where possible, this can sometimes be done merely by opening a window or two. But more often it is necessary to use exhaust fans in high-moisture areas, such as the kitchen, bathroom and laundry room. In areas where furnaces are in operation all winter, a check should be made to determine whether there is a humidifier attached to the heating plant. If so, it should be shut off, since it is merely adding moisture to the air inside the home.

## NO SINGLE SOLUTION

In many cases, the installation of double windows, the insulation of walls where there is none and the use of vapor barriers may be necessary. There is no one solution to all high humidity problems. In a basement, for instance, good results usually can be obtained with the use of a dehumid-

idifier, either the self-contained units or the simple arrangements utilizing calcium chloride.

The owners of new homes should exercise patience as well as take precautions to eliminate moisture. New plaster and concrete throw off moisture for several months.

New homes often have an excessive humidity condition for five or six months and then never have it again.

School closing ceremonies will be held and awards presented in conjunction with the 7:30 p.m. Mass.

The first senior women's amateur championship of the United States Golf Association will be held at the Manufacturers' Golf and Country Club, Oreland, Pa., October 17-19.

### Scouts To Attend District Camporee

Plans to participate in the Black Walnut District camporee were completed at the weekly meeting of Boy Scout Troop 84 on Wednesday evening at the Community Center. The camporee will be held this weekend at the Littlestown Fish and Game Farm, and the Scouts will leave town from the Center this evening at 6 o'clock. Each Scout will take his own bedding and personal equipment; cooking will be done in patrols.

The troop will take part in the community Memorial Day parade on Monday, forming at 6 p.m. There will be no meeting next week due to Memorial Day; the next regular gathering will be held on June 6. The dates of July

14-21 were set for the annual week's camping at Natural Dam.

Six members of the troop enjoyed the first canoeing trip of the season on Wednesday, leaving at 4 p.m. from the home of Luther D. Snyder, E. King St. They were Richard Appier, Eugene Bittle, George Peart, Carl Gentzler, Larry Hull, Robert Altoft and Explorer Charles Hahn. Next Thursday evening, a second group of six, in troop alphabetical order, will go with Mr. Snyder to Starner's Dam for canoeing.

ADVERTISE IN THE TIMES

### SMART BEARS

**YELLOWSTONE NATIONAL PARK**, Wyo. (AP)—Yellowstone National park bears are getting too smart for the tourists.

Park Superintendent L. A. Garrison said rangers are making a special effort to warn visitors about the bears this season, adding:

"They are getting so smart they can open car windows." Garrison said the bears have found they can spring a car window open if the small wind vent window is open wide enough for them to reach in.

### PERSONALIZED THEFT

**PINEDALE**, Wyo. (AP)—Town Marshal Joe Neely picked up three persons on suspicion of stealing gasoline. He confiscated their equipment, including a four foot section of garden hose.

When Neely went home he found out where they had obtained the hose. The four-foot section was neatly cut from the hose on his lawn.

### STOVES FOR FIREFIGHTERS

**PINEDALE**, Wyo. (AP)—Plenty of heat was generated from a 420-acre fire in the Bridger National Forest of western Wyoming, but it couldn't be used for cooking meals for the 160-man firefighting crew.

A hurried-up call for cooking stoves was sent to forest service headquarters, which promptly sent out a supply of electric stoves.

There was only one hitch. The fire was 10 miles from the nearest power-line.

**OGDEN**, Iowa (AP)—John L. Stumbo Sr., 84, has 105 great-grandchildren. He also has nine living children, 38 living grandchildren, and one great-great-grandchild.

# Thunderstorms, Hail, High Winds Cause Much Damage

By THE ASSOCIATED PRESS

Severe thunderstorms, hail and high winds with gusts reported up to 50 miles an hour damaged homes and schools, uprooted trees and soaked roads in Pennsylvania Thursday while a small twister struck near Trenton, N.J.

One injury was reported in New Jersey.

The storm hit Harrisburg in Dauphin County, York County, Reading, Harleysville, Palm, Bechtelsville and Doylestown before sweeping into New Jersey.

Wind gusts of up to 50 miles an hour were reported in the Goldsboro-Newberrytown area of York County. More than 60 windows were shattered at the Redland Elementary School. Phone service was disrupted in Lewisberry for about an hour when power lines were knocked down.

**WARNINGS**

The Weather Bureau in Philadelphia had warned of possible tornadoes but canceled the alert for Philadelphia and southeastern Pennsylvania at 5 p.m. Philadelphia school children were sent home from classes half an hour early because of the threat.

The twister ripped through the borough of Pennington, N.J., just north of Trenton, crushing the roof and wall of the new Bear Tavern Elementary School, uprooting trees and dislodging rooftops. The school was out of operation in the fall. Malcolm Joiner, Civil Defense chief in the Pennington area, declared a state of emergency.

Robert Dull, 23, of Trenton, was driving near the school when his 2½-ton truck was flipped over on its side. He crawled from the cab with a bruised leg and a twisted ankle.

**GO HOME EARLY**

"It just picked the truck up with me in it," said Dull.

In Trenton some 15,000 public school children were released an hour early as skies darkened but only a light shower lasting about a half hour fell in the city.

In Shenandoah, Pa., rain, hail and driving winds inflicted hundreds of dollars of damage to windows and signs. Officials said at least 60 windows in the public high

## school and 37 in the Catholic high school were broken.

### THE DELAYED

The storm also forced former President Dwight D. Eisenhower, enroute by helicopter from his Gettysburg, Pa., home to Wayne, Pa., for dedication ceremonies at Valley Forge Military Academy, to change his travel plans. His helicopter detoured to the Aberdeen Proving Grounds in Maryland and from there he made the trip by auto, arriving three hours late.

The storm uprooted trees, blocking four roads in Washington Crossing State Park near New Hope.

In western Pennsylvania the weather was clear for the most part. There were winds up to 40 miles an hour in Pittsburgh but no damage was reported.

## McSherrystown

### MRS. LESTER BOWMAN

McSHERRYSTOWN — All boys of the Conewago Little League Teams who are 11 and 12 years old are to attend a game of the York White Roses on Monday evening. The cars will be leaving the Annunciation ballfield at 6:30 p.m.

Mrs. William Buffington, leader of Girl Scout Troop 734, was given a surprise birthday party and presented with a gift at the weekly meeting Thursday evening in the Scout room of the school. All members of the troop were present.

The annual sale of poppies will be conducted in McSherrystown starting today and continuing through the weekend.

Catholic War Veterans officials ask all residents to obtain American flags from the CWV and to display the colors on Memorial Day and other national holidays.

Terminal points of the Appalachian Trail are Mt. Katahdin in Maine and Mt. Oglethorpe in Georgia. Along the trail between the two peaks are 14 states, eight national forests and two national parks.

# COMMITTEE TO CARRY LOAD FOR EDUCATION

HARRISBURG (AP) — Gov. Lawrence has called on the newly-formed Committee of 100 for Better Education to carry the banner for educational improvements into the 1963 General Assembly.

"The needs of education cannot wait until a new governor has been in office for awhile," Lawrence declared Thursday at the committee's first full scale meeting.

"The next governor will need help and advice in problems of education," he said. "He should not be forced to wait interminable months before he is given that advice—for every day he loses will be paid for in months as time goes on."

### BEST POSITION

"I believe—and I believed so when I appointed it—that this committee will be in the best position to give that advice to him."

Lawrence leaves office at the end of this year.

The new committee—established by him several months ago—has been given four major educational problems to resolve.

They include implementing the 1961 school reorganization law, developing a program for higher education, financing public education and improving teachers' pay.

Another major proposal under consideration is the organization of a new educational policy making body to replace the State Council of Education.

**TOO SMALL.**

Critics feel the present nine-member council is too small and too burdened with routine business to operate effectively in the policy making field.

Under the new proposal, as outlined by Dr. Richard Schier, former deputy superintendent of public instruction and now a professor at Franklin and Marshall College, the new board would consist of 14 to 18 members.

The governor's plea to the committee gave it for the first time a definite course to follow in the months ahead.

### GRIPES APLENTY

NEW HAVEN, Conn. (AP) — There were plenty of gripes recently when a political candidate's "gripemobile" rolled into town.

But instead of soliciting gripes about the present city administration, the complaints were directed at the "gripemobile"—too noisy.

When a patrolman appeared to restore order, he had a gripe, too. The driver of the vehicle couldn't produce a driver's license. He was given a summons for operating a motor vehicle without a license.

### CHURCH OVERPLEDGES

DALLAS (AP) — The First Baptist Church has oversubscribed a record \$1,218,600 church budget, called by its pastor "the largest of any church in the history of Christendom."

During a stewardship campaign for 1962, members of the world's largest Southern Baptist Church signed pledges exceeding the budget by \$15,210.

# Clergyman Is Convicted Of Heresy Count

By HENRI JONKER

PRETORIA, South Africa (AP) — When heresy charges were brought against a Calvinist Dutch Reformed Church leader six months ago, some South African newspapers jokingly conjured up visions of a burning at the stake.

Now, shortly after a verdict of guilty, the case still draws wide attention though nobody is humorous about it any more.

Professor Albertus Geysers, 44, a New Testament expert of the Nederdutch Hervormde Kerk, was found guilty on one of three charges of teaching heresies. He was defrocked.

**GEYSERS DISAGREED**

On two counts of heresy and the key one of insubordination he was acquitted.

The N. H. Kerk, like the other Dutch Reformed Churches in South Africa, supports the official segregation policy.

Geysers disagreed and made his objections public by contributing to an antisegregation book. For this he was severely criticized at the last N. H. Kerk General Assembly and his resignation demanded.

Geysers was actually condemned for interpreting a certain verse in the second book of Philipians as meaning that Christ was lower in status than God before and after His incarnation and prior to His resurrection. This was objected to as detracting from Christ's true and everlasting Godhead.

**RESIGNS POSITION**

Geysers unsuccessfully pleaded that as a learned interpreter of the Bible he had the privilege of freedom. The commission's rejection of this point was mentioned last week by another prominent N. H. Kerk theologian, Prof. A. Van Selms of Pretoria, when he resigned his position in protest against the heresy verdict. This resignation of a man esteemed here and in the Netherlands was the first serious repercussion of the Geysers verdict.

"I've got a wife and two children who put up with all this. I'm a pretty lucky guy."

## TO LESSEN FRICTION

NEW YORK (AP)—A gift of \$5,000 for Arab refugees has been made by the American Council for Judaism Philanthropic Fund.

Henry S. Moyer, president of the fund, said the gift is to help demonstrate the fund's "humanitarian, nonpolitical concern for the welfare of the less fortunate" and to help "lessen the friction between Moslem and Jew."

The gift was made to Church World Service, the relief and rehabilitation agency of the National Council of Churches.

## CATHOLIC YOUTH OF YEAR

WASHINGTON (AP)—Margaret Ann Sefcik, active in the Corpus Christi, Tex., Catholic Youth Organization for the past six years, has been named the Outstanding Catholic Youth of the Year.

Miss Sefcik was selected from among nominees from thousands of CYOs and more than 100 Catholic colleges and Newman clubs. Announcement was made by the Youth Department of the National Catholic Welfare Conference.

## GOOD EXCUSE

MIAMI (AP)—Francis Christie answered a summons to jury duty, but got out of the task fairly easily.

Circuit Court Judge Christie pointed out to Circuit Judge Hal Dekle that he was scheduled to be on the bench, qualifying jurors for his own court trials.
